### CDS/IACD International Conference

**July 24-28, 2010 - New Orleans, LA**

The CDS/IACD International Conference registration is open! The joint conference will take place in New Orleans, LA, USA starting on July 24-28, 2010 with a schedule including over 100 presenters, 43 concurrent sessions, and enough time for attendees to get a taste of New Orleans' flavor! Why attend? The joint CDS/IACD conference is the result of years of collaboration and planning. And the location, New Orleans, LA, is no coincidence. After the hurricanes that ravaged this area in 2005, New Orleans had to be rebuilt from the ground up. Participants of the 2010 CDS/IACD conference will witness how innovative community and economic development have played major roles in rebuilding and reconnecting this resilient community.

80,000 and 90,000 words and around 20 or 30 images). Volumes can build on special issues or themes from the Journal, or new topics that are of interest to the profession. The author(s) of each volume can invite chapter contributions if desired. A proposal must be written and submitted to the Series Editor/Editorial Board for consideration. The Board will make an initial decision on review, then submit to Routledge for their consideration. Final decision is made at that point, and a contract is placed between author(s) and Routledge. It is anticipated that two volumes will be published per year in the series. We welcome your ideas and proposals for this exciting new Series!

By focusing on these sets of needs in planning, design and development, we can help build places that are more equitable, efficient and sustainable, according to planner Leonardo Vazquez.
