CDS Spotlights Members

As part of the CDS membership campaign, the Membership and Marketing Committee has initiated its Member Spotlight on the CDS website. Located under JOIN, this page puts the spotlight on CDS members, and their interests and areas of expertise in the community development profession.

Each month the CDS will spotlight new members, gathering the information from the [membership survey located here](#). If you have not already completed this survey, please do so, and maybe you will be

Letter from President Norm Walzer *Keeping up the Momentum*

The CDS/IACD conference generated much information and enthusiasm about projects underway around the world with considerable follow-up and contacts among participants. As we start a new year, there will be many opportunities to apply the information to local concerns.

The CDS and IACD will issue a joint newsletter talking about conference activities, pictures, and related issues. This will be a first and should provide members of both organizations better opportunities to know and understand what is happening.

Professional conferences help people find new approaches and learn from past experiences. CDS will continue discussions started during the conference through an active series of outreach efforts including [Webinars](#) and CD-Practices. I hope you will find the topics both exciting and useful.

The Webinars and CD-Practices represent excellent opportunities for us to highlight exciting activities and/or projects that you are doing. Other CDS members can learn about accomplishments and how you have been able to stimulate local economic and community development. This information exchange is one of the best benefits members can receive from belonging to CDS. Check the newly revised CDS Website, the Vanguard, and the CDS listserv to keep up with these activities.

the next member in the spotlight!

A Call for Papers on topics related to the conference theme: Role of Community in Economic and Natural Disaster Recovery is now available. Brent Hales, James Calvin, and I will edit the special issue of Community Development: Journal of the Community Development Society. This issue will be broader than papers presented during the July Conference so we encourage abstracts dealing with the theme.

Another Call for Papers to be published in a special issue of the Journal also has been released: Innovative and Creative Strategies for Community Change, with guest editors Sam Cordes of Purdue University and Norman Walzer of Northern Illinois University.

Check the [CDS Website](#) for a full description of both calls.

Thanks for participating in CDS activities and we look forward to working with you this year. Please let us know ways in which the organization can help you do your job better.

Wanted: Leaders for CDS

The Community Development Society International invites members to consider running for a three-year term on the Board of Directors as well as VP of Operations. The Board's main functions are to manage the professional activities and organizational issues of CDS, with special attention to creating and delivering high quality programming to members. The Board meets 3 times per year (including immediately before and after the annual conference) in addition to bi-monthly conference calls.

Serving on the Board offers two special professional opportunities. First, you can help determine and/or deliver educational programming of significant value to professional colleagues and peers. CDS regularly offers webinars, CD-Practices, the journal, and other activities. Second, you will have an opportunity to interact with professional colleagues not only in the U.S. but also around the world. These opportunities can help you learn new ideas and grow professionally.

Serving on the Board does not involve an extensive commitment of time, but you should be willing to help organize projects and activities when needed and provide leadership for these efforts. Having served on a committee, attended conferences, or participation in other CDS activities helps in understanding the

potential for CDS and will make you a more productive Board member. The Board positions rotate on a 3-year basis.

In addition, we are still inviting members to participate on CDS committees. If you do not serve on a committee, there are opportunities available and I encourage you to contact a committee chair. The amount of work is usually not large but participation provides an opportunity to meet colleagues, make professional contacts, and grow professionally. A list of committee chairs is on the CDS web site.

Please contact Lori Landry at lori@assnoffices.com for more information and to express your interest in running for a Board or committee position. Making contact prior to September 30th will be best.

Online Access to the Journal

As a member of the CDS, you can access the members only section of the CDS website by using your personalized username and password. The newest benefit? Online access to our journal! To get your password, contact Lori Landry, lori@assnoffices.com.

From the Finance Committee: CDS Endowment Fund

In 2011, the CDS Endowment fund will distribute \$4,000 as follows:

- Ø \$1,500 to award three \$500 scholarships from the Scholarship Fund to support students of good academic standing and CDS Members in good standing to attend the Annual International Conference;
- Ø \$1,000 to award on scholarship from the Nette

Nelson Travel Scholarship Fund to help defray the expenses of a CDS member who wishes to participate in a community development conference outside of his or her home continent by presenting a paper or workshop or giving a major address;

Ø \$1,500 to the CDS Annual International Conference in Boise, Idaho in 2011 to support the honorarium, travel expenses, lodging expenses, and related reasonable support for plenary presenters whose presence will further the theme and stated goals of the Conference.

Full scholarship criteria, application process, and timeline will be announced to the full CDS membership later this year.

CDS Social Networking Committee Being Formed

Interested in Social Networking? Because of interest at the recent Social Networking Session at the CDS 2010 Conference, a new Social Networking Committee is being formed by Paul Lachapelle, CDS Board Member, to investigate current social media technologies and determine how the CDS can use existing information technology (IT) to further the goals and principles of CDS. Contact Paul at commdev@montana.edu for more information.

CDS "Think Tank" Underway

Over the past several months, CDS has moved in a new direction with the creation of a "Think Tank" to provide our members, as well as the society, with sources of the latest news and trends in community development and related fields. Interested in participating on the committee? Please contact Collins at t-collins@wiu.edu, Gasteyer at gasteyer@msu.edu, or Lori Landry, lori@assnoffices.com

CDS UpFront

**Compiled by Timothy Collins
Assistant Director, Illinois Institute for Rural
Affairs, Western Illinois University - August 2010**

Rethinking CD

According to some of our colleagues from the United Kingdom who were at the CDS/IACD conference, the very notion of community development needs to be rethought in a rapidly changing world, according to Timothy Collins.

[Daily Yonder](#)

The New Orleans Index at Five

The index combines comprehensive trends analyses with seven scholar essays on key post-Katrina reforms. It reveals that the area is on the upswing, but much work lies ahead if this metropolis is to emerge with a stronger economy, better opportunities for its residents, and a more sustainable future.
